

HOROSCOPE

WEDNESDAY, APRIL 14, 1928

FRIENDLY stars attend this day, which should be very fortunate. The Sun, Mercury and Mars are all in benefic aspect.

Acute the great planetary stress encourages to all who have ambitions great or small. It is an auspicious time under which to seek appointments or position.

All personal efforts toward high attainments are well directed while the stars are poised as they are today.

Political candidates should improve the hours from dawn to sunset, since the public mind is supposed to be open to suggestion.

Persons who have influence or power are held to be inclined to give aid and support to those who request it when the Sun smiles on the earth.

Mercury imparts confidence to all who write, while the Sun smiles on the rule should be most propitious for publicity.

There is a sign read as foreboding much building, especially construction in which steel is employed.

Marriages will be numerous in the next few weeks and this should be a happy wedding day.

There is a sign making for an interest in improved housekeeping and many of the best domestic arts will be revived.

Automobiles, airplanes and all the

most modern methods of locomotion are under a fortunate way. Many improvements that aid travel will be made.

The railways have a period that seems to be rather unfavorable, but much travel is foreshadowed. Labor troubles are indicated.

A movement to simplify complex systems of living which are now of civilization is promulgated, but there will be few who accept simple life conditions until stress of circumstance brings changes now forecast for the year.

Persons whose birthdays it is have the anxiety of an active and successful year. Those who are employed will be promoted.

Children born on this day are likely to be active and industrious. These subjects of Aries usually succeed in what they undertake. They should be reliable and clever.

MINEER KILLED IN JEROME.
Phoenix, Ariz., April 13.—Fred Hayes, a miner employed by the United Verde Copper company, was killed at the company's property in Jerome yesterday, when he fell 28 feet while engaged in timbering a shaft, according to a report received by G. H. Dolin, state mine inspector.

TRAVELING MAN SAYS HE WAS PERSUADED BY HIS MOTHER-IN-LAW

Southern Representative of Burrows Screening Co. Says He Is Glad He Took Her Advice.

INDIGESTION MADE HIS LIFE MISERABLE

Feels Like a New Man Since Taking Tanlac and His Friends Have Noticed the Change in His Condition.

"Tanlac is the finest medicine I have ever run across in all the three years I have been on the road," said Charles W. Parker, of 215 Bellwood avenue, Atlanta, Ga. Mr. Parker is traveling representative for the E. V. Burrows Screening Co. of Portland, Me., and covers Tennessee, South and North Carolina, Georgia and Florida, and is popular with all who know him.

"At the time I began taking Tanlac," he continued, "I weighed only a hundred and twenty pounds; but I now weigh 175 pounds and feel like a new man. Not only that, but I have gotten rid of a case of indigestion and other troubles that made my life miserable for the past two years."

"My appetite left me and my stomach was in such a bad fix that

I could not eat anything but what would cause gas, bloating and intense pain. What little I did eat I could not digest. I was continually sick and got no sleep. I could never get a night's sound sleep. I would roll and toss, walk about and get so little sleep that I always felt more tired in the morning than on going to bed. I also had the worst sort of nervous headache and my whole system seemed to be run-down and in bad shape. A great deal of the time I felt until for anything and simply had to force myself to look after the duties of my position."

"While making my Georgia territory I called on my mother-in-law at Gilman, and she persuaded me to try Tanlac, saying it had done her so much good that she wouldn't think of being without it. So I bought a bottle and soon found it was right when she said it would help me. Before I had finished my first bottle I was eating just anything I wanted and my appetite was so big I could hardly eat enough to satisfy me. I have gained 55 pounds and am just like a new man. I sleep like a log at night, get up mornings thoroughly rested and about as vigorous as a different man. In fact, I have undergone such a marked change in my condition that I don't get tired like I did before. My old-time strength and energy have come back, and I am able to give the statement for what it may be worth to others who may be in the condition I was in. Tanlac is a great medicine, and I speak a good word for it everywhere I go."

Tanlac is sold in El Paso by Kelly & Pollard.—Adv.

Take Aspirin With Water

If your Aspirin tablets have the name "Bayer" stamped on them, they are genuine "Bayer Tablets of Aspirin," proved safe by millions of people. The name "Bayer" identifies the true world-famous Aspirin prescribed by physicians for over eighteen years.

Always drink one or two glasses of water after taking the tablets. Each unbroken "Bayer package" contains proper directions for Colic, Headache, Toothache, Rheumatism, Neuralgia, Lumbago, Rheumatism, Neuritis, and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

Aspirin is made by Bayer Manufacturing Monoclonal-Disorder of Salicylic Acid.

Bedtime Stories For The Little Ones

UNCLE WIGGILY AND JIMMIE'S JINGLES.

Lulu and Alice, the duck girls, had gone to the moving picture with Mrs. Wiggily, their mother, one night. Uncle Wiggily, the rabbit gentleman, had stayed home at the duck house, where he was making a visit, to read the evening paper.

All of a sudden the pink mouse bunny looked over the top of his glasses and saw Jimmie, the boy duck, sitting at the table working away with a piece of burned stick of wood and some white bark from the birch tree for paper.

"Why, Jimmie, what are you doing?" asked the rabbit gentleman. "Why aren't you at the movies with Lulu and Alice?"

"I have my home work to do," was the reply. "The lady mouse teacher told me to bring in two jingles tomorrow."

"Two jingles?" laughed Uncle Wiggily. "Well, I'll go ring the bell at the school tomorrow. That will do."

"Oh, those aren't the kind the lady mouse teacher means," said Jimmie. "She means little jingles of verses. Here's one like the two I must bring in, and Jimmie read from a paper the teacher had given him, this tiny poem:

"I love to see the flowers bloom.
They are so very pretty.
There are more blossoms in the woods
Than in the dusty city."

"Why, that is very good! Very nice indeed!" said Uncle Wiggily. "I could almost sing that jingle."

"But I didn't write that one," explained Jimmie. "The lady mouse teacher gave me that for a sample. I must make two like that."

"Read me the one you have started," said the rabbit gentleman. Jimmie sort of turned red behind the wings, and held up a very much smudged and rubbed out piece of birch bark paper.

"Here's what I wrote, but it doesn't sound right," he said. "And he read this:

"I love nice corn meal candy.
It is so very sweet.
And when I have a stick, I give
My sisters some to eat."

"Oh, that's just fine," quipped Jimmie. "That's a dandy jingle verse. Now I only have to get one more for the lady mouse."

"Well, if you take this to school,"

Fight the Film

If You Want Whiter Teeth—Make This Test

All Statements Approved by High Dental Authorities

Free

A 10-Day Tube of Pepsodent to anyone who asks.

It will show you the way to safer, whiter teeth. See below.

Watch Them Whiten
It is film that clouds your teeth. See the change as you remove it.

Film Ruins Teeth

Dental science has traced most tooth troubles to a film. To that slimy film which you feel with your tongue.

It clings to the teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. The film fixes itself; then night and day, month after month, it may do a ceaseless damage.

That is why well-brushed teeth discolor and decay. Only periodic cleaning in a dentist's chair removes fixed film. The great need, as every dentist long has known, is for a daily film combater.

Stain, Tartar and Decay

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. All these troubles have been constantly increasing, because the tooth brush alone can't prevent them.

Film Can Now Be Ended

Dental science, after years of searching, has found a film combater. The fact has been proved by years of clinical and laboratory tests.

Now the method is embodied in a dentifrice called Pepsodent. Leading dentists everywhere are urging its adoption. And a 10-Day Tube is offered free so that anyone may see its results.

Pepsodent is based on pepin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has solved that problem by discovering a harmless activating method. Now millions of teeth are being cleaned daily in this new, efficient way.

Just Ask for a Test

The way to know this method is to ask for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears. Judge by the visible results, then read the reason for them. Decide for yourself what is best for your teeth—the old ways or the new.

Cut out the coupon and learn what clean teeth mean.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When faded, turns gray or streaked, just an application or two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of faded hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it carries no harmful matter, and even the most sensitive scalp it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, then comb one small strand at a time; by morning the gray hair has disappeared and the hair is restored. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Why do you try to hide those little pimples?

Or Cover a Dark, Sallow, Muddy Complexion With Face Powder and Rouge.

How embarrassing it is for one to have pimples appear on face, neck, arms or hands. One little pimple is bad enough—more the attractiveness of a pretty face.

You can quickly remove pimples and other skin blemishes by touching and spot or applying Black and White Ointment to the part affected. This simple but effective home beauty treatment removes not only pimples but clears a dark, sallow, muddy complexion and leaves the skin soft, white and radiant.

All who have used Black and White Ointment are delighted with the results and keep a box always on their dressing-table. Black and White Soap should also be used and will be found a delightful aid to the Ointment.

Both Black and White Ointment and Soap can be found at all good drug stores and toilet counters—like each a package, or the manufacturers will send postpaid on receipt of 50c.

A sample, literature and Black and White Birthday and Draft Book will be sent you free if you will clip and mail this advertisement to BLACK and WHITE Box 518 Memphis, Tenn.

Old Virginia Lasses Cookies

Recipes of the Old South

1 cup molasses, 1 cup brown sugar, 1 cup butter, lard or shortening, 2 eggs, 1/4 cup milk, 1 teaspoon ginger, or ginger to taste, 1 teaspoon cinnamon, 1/2 teaspoon salt, 6 1/2 cups flour, 6 teaspoons MISS PRINCINE Baking Powder.

Cream sugar, lard and molasses together until light. Beat the eggs until well mixed, put in mixing cup and add enough milk to make three-quarters of a cup of egg and milk; add slowly to the sugar and shortening, alternating with six cups of flour which have been sifted with MISS PRINCINE Baking Powder, salt and spices; work into a smooth dough; cover and set in cold place for one hour. Dusk board with flour roll out about one-quarter inch thick, cut with old-fashioned biscuit cutter; place on bake sheet or shallow pans put in hot oven eight to ten minutes.

These are best, quick and soft and will keep a long time if kept under lock and key.

SUCH delicious cookies—the kind that you just can't resist—are made with Miss Princine, the new-fashioned baking powder.
